S. S. CONVENTION MEETS AT HILLDALE ALL DAY WEDNESDAY

Mason County Sunday Schools Will Gather In Annual Convention At Hilldale School House Wednesday.

The annual convention of the Mason County Sunday Schools will be held at the Hilldale school house just west of the city of Maysville in all day session on Wednesday. This is an inter-denominational meeting and every Sunday school in Mason county is expected to have delegates in attendance at the meeting. Matters of vital importance to the Sunday school workers will be discussed by experts and by those who are confronting the various problems each week.

Mr. W. J. Vaughn, state Sunday school worker, will be the chief speaker of the day while several of the county pastors and superintendents are also on the program and round table discussions on the various departments of the schools will be in charge of the department leaders and will be discussed by those who are engaged in these departments in their own schools.

The officers and teachers of the Hilldale school have made special efforts to arrange for this convention and they expect to have the best county meeting that has been held in years. There will be everything for the comfort and pleasure of the delegates provided and no better program has been announced in years.

Maysville Sunday school workers take the street cars to the western limits of the city and walk a short distance out the Germantown pike to Hilldale.

RED CROSS CERTIFICATES AT HEALTH LEAGUE.

Miss Annie M. Casey, County Health Nurse, announces that those young ladies who were not present at the annual meeting of the league held on last Friday and who did not receive their certificates from the American Red Cross at that time, may obtain them by applying at the Health League Headquarters in Court street at any time.

CHURCH MEETING AND HOME-COMING PLANNED

Mayslick Baptist Church Plans Big Day for Saturday, July 31st, and Sunday, August 1st.

The Mayslick Baptist church on Saturday, July 31, and Sunday, August 1, will have its annual business meeting and church reunion. All present and former members are urged to make all arrangements to be present. Some of the former pastors will return for the occasion to speak. Dinner will be served on the grounds Saturday but in case of a larger attendance than is calculated, the church can only promise to entertain those who have informed us before hand of their intention to be present.

The other churches of the town—Christian, Presbyterian and Catholic—were invited to co-operate and so make it a community home-coming time; but it is feared they did not receive the invitation in time to make complete plans for the day. However it is hoped that individuals will co-operate in serving the dinner and inviting their kin and friends. Following is the program:

Saturday.
10 a. m.—Business Meeting Church.
11 a. m.—Union Old People's Service.
12 n.—Dinner on Grounds.
2 p. m.—Union service.
Sunday.
9:30 a. m.—Sunday school.
11 a. m.—Sermon by Rev. J. B. Holby, former pastor.
3 p. m.—"A Forward Look."
7:30 p. m.—Sermon and Lord's Supper.

The L. & N. Railroad company's crew of expert bridge builders arrived here this morning and immediately began work at putting the bridge over Limestone creek in condition. The repairing of this bridge will require the sinking of a number of large piling and the crew will be engaged on the structure for several days.

PRAYER MEETING ON WEDNESDAY EVENING.

Regular weekly prayermeeting will be held at the Forest Avenue M. E. Church Wednesday evening at 7:30 o'clock. Services will be in charge of Mr. W. W. Thoroughman and the public is cordially invited to attend.

Miss Margaret J. Murray, of Cincinnati, is the guest of her childhood friend Mrs. Frank P. O'Donnell, of Forest avenue.

R. T. BOULDIN BUYS INTEREST IN LOCAL CLOTHING HOUSE

Mr. Leon P. Squires Retires From the Squires-Brady Company and Mr. R. T. Bouldin Will Succeed Him.

One of Maysville's largest business concerns changed hands at noon today when Messrs. Leon P. Squires, William Archdeacon and William Weis sold their interest in the Squires-Brady Company, local clothing dealers, to Mr. R. T. Bouldin, who takes charge immediately and will be actively identified with Mr. Nace M. Brady in the management of the company's business at the corner of Market and Second streets.

Immediately after the transaction had been closed, the new stockholders in the corporation held a meeting and elected the following officers: President, Nace M. Brady; Secretary-Treasurer, R. T. Bouldin. It is the purpose of the new stockholders to continue the business under the corporation's present name for the present but the name may probably be changed at some time in the near future.

This deal has been pending for several weeks and was consummated only at noon today. The entire deal was handled by Messrs. Thomas L. Ewan and Sherman Arn local real estate dealers.

Just what Mr. Squires, who retires from the active management of the concern through this transaction, will do in the future is not at present known but it is more than likely that he will soon become identified with the clothing business, in which he is considered expert, but he will probably locate in some city other than Maysville.

The gentlemen who become managers of this popular store will bring to it a great deal of prestige. Mr. Bouldin the new member of the firm, is a native Mason county man and for many years has resided on a farm in the county. For the past few months, however, he has been a resident of Maysville. He has many warm friends in the city and county who he will bring as friends to the business.

Mr. Brady, the senior member of the firm, is an experienced clothing dealer, having long been connected with the local clothing business. He knows the business perfectly and is considered an expert in his line as well as a first class salesman.

The new concern which took charge at noon today, has the best wishes of the public. Located, as they are, on one of the most prominent corners in the city and handling, as they do, some of the best lines of clothing on the market, their business should be amongst the best.

HERE IT IS.

Just what Maysville has been greatly in need of for some time.

An "Electric Fixture House." Where one can get their electric fixtures without leaving their own city or buying from catalogue. Now you can see the fixture you want and the one you think best for any room in your home. We have them in stock. We build them and hang them, and a sale is not a sale until a customer is satisfied. When you buy of catalogues you are not always satisfied. But you are compelled to keep it, and if you leave your city to buy you pay 1/2 more than the price of a nice fixture. You look them over in a hurry and then the dealer sends just what you didn't want, or didn't buy. So there you are. But now you can see what you are buying, get what you buy. Saves you time, worry and money and your job is complete ten days or two weeks sooner, with no trouble at all.

Stop in and look them over, we make no charge for looking, and save you money when you buy.

JURY FINDS FOR DEFENDANT COMPANY.

In Judge Purnell's court Monday a jury heard evidence in the case of Dr. W. H. Taulbee vs. The R. J. Reynolds Tobacco Company in which the surgeon sought judgement for \$99 for services rendered to a colored man by the name of Morton who was injured on the Reynolds company's building and afterward died from his injuries. After hearing the evidence the jury returned a verdict for the defendant company. Morton was an employee of a construction company under contract for the erection of the building and not of the tobacco company.

HIGH BALL GAME HERE ON NEXT SUNDAY.

The Maysville Regular baseball team is making arrangements for a big ball game at League Park on next Sunday afternoon when the strong Ripley team plays here. They will endeavor to procure the carnival band for the music and efforts will be made to procure seats for the crowd.

COX SHOWN HOW HE MAY YET GET DIVORCE

Court of Appeals Gives "Rev." Cox Tip As To How He May Procure a Divorce From First Wife.

Although refusing a rehearing of the action by Rev. Fred G. Cox, Van Lue, Ohio, to compel Domestic Relations Judge Charles W. Hoffman, of Cincinnati to set aside a dismissal and record a decree in his suit for divorce from Murtice Cox, Denver, Colo., Court of Appeals yesterday showed the way to Mr. Cox whereby he may get his case into court.

Rev. Mr. Cox sued for divorce in Cincinnati and served notice of the suit on his wife by publication, November 6, last. Judge Hoffman heard the case, and said he would grant a decree. Cox immediately came to Maysville, where he married Nannie R. Gill. As the result Judge Hoffman refused to enter a decree, and dismissed the case January 27, last.

Rev. Mr. Cox then sought to compel a decree by this action in Court of Appeals, but this was denied him. He asked for a rehearing, and upon this Court of Appeals held yesterday that the denial of the motion by Judge Hoffman did not settle the merits of the case, and Mr. Cox still may file a suit in equity to compel a decree, but as matters stand Court of Appeals has no jurisdiction in the case.

Rev. Mr. Cox formerly was pastor of a Harrison (Ohio) church. He also was known by the name of Cocks. In contesting for the decree he declared his belief that he is married legally to Nannie R. Gill and he announced she was living with him and would continue to do so as his wife.

It will be well worth your while to investigate and co-operate with this company, as this store will be a link in the chain of two hundred drug stores, and the advantages will be far beyond your expectations.

600 MILLION IS AWARDED RAIL MEN AS WAGE INCREASES

Labor Boards' Awards Average 21 Per Cent. and Are Retroactive to First of Last May.

Chicago, July 20. — Wage increases totalling \$600,000,000 were granted to the 1,800,000 railroad employees of the United States in the decision of the Federal Railroad Labor board on the recent demands of the "Big Four" brotherhoods and associated crafts. The increases average 21 per cent. The men had asked increases totalling \$1,000,000,000.

The award is retroactive to May 1 of this year.

While the award was not entirely satisfactory to the brotherhoods, it was understood that it was sufficiently large to be accepted tentatively by their chiefs and submitted to a referendum of the men. Their decision to await the action by the individual unions ended the possibility of an immediate strike.

E. C. Whittier took a copy of the ruling of the Labor Board for the railroad corporations. He said that the roads "would accept and advise the award."

B. M. Jewell was present to represent the union brotherhoods. He made no comment upon the award, but indicated that it would be submitted to a referendum.

Chairman R. M. Barton presented the board's decision. The award was made by groups, each classification receiving a set increase per hour, or, in the case of engine and train employees, per mile.

"The board assumes as the basis of this decision," the award says, "the continuance in full force and effect of the rules, working conditions and agreements in force under the authority of the United States Railroad administration. The intent of this decision is that the named increase, except as otherwise stated, shall be added to the rate of compensation established by the United States Railroad administration."

LOCAL GRADE WILL BE PUT IN GOOD CONDITION

Chairman Hunsicker of Wharves and Ferry Committee Announces Proposed Improvements.

Councilman Frank Hunsicker, chairman of the Wharves and Ferries Committee, of City Council, announced this afternoon that his committee proposes to make extensive improvements in the local grade in the immediate future. For some time his committee has been authorized by Council at large to make the much needed improvements but Mr. Hunsicker has been awaiting the proper time to make these improvements.

He announces this afternoon a very substantial contribution toward this improvement from Captain Stalder, owner of the Aberdeen-Maysville ferry boat and this together with the city funds he had been authorized to use, will put the grade in good condition.

Owners of automobiles who have been bumping over the rough grade will be glad to know that the grade will be put in first class shape at once and travelers will also be glad to know that the Maysville grade has been repaired as many automobile tourists from the north are now crossing the Ohio here because of the operation of the local ferry at night.

SAWDUST.

It is a very unpleasant sensation to have sawdust thrown into your eyes, isn't it? Few of us will fail to remember that oft-told story of the hero who foiled the villain by resorting to that bit of strategy.

Every American citizen today is dodging a blinding storm of sawdust, in the form of propaganda thrown to the four winds by a clique of political manipulators seeking to hide the shortcomings of a party and an administration that need to be brought to an accounting.

These Democratic false witnesses are playing a game. They believe it will succeed. They are ready to carry it to the limit. It is their party's trump card. It is this: They are going to try to blind the public to the true issues of today in this country.

They have tacked down the black cover of propaganda upon the record of an administration that is defunct. They have constructed great shields of empty promises and future good intentions to hold back the winds of public wrath which are certain to blow.

Bring them to face a truly great issue, and they dodge. They prefer to jump nimbly from one thing to another, circle around subject after subject and lead their interrogators a merry chase ending at the same place they started—only farther away.

Today's need is for men who will face the issue and meet it; men who will restore to our government its natural functioning processes, who will level power with reason, take away departmental and executive autocracy, and bring back a sane balancing of authority.

The Democratic dictatorship would seek to hide this need. Brought to its knees in the face of defeat upon one issue, it brings forth another only to be humbled again and bring forth a third. There is a system of pussy-footing to an artistic degree. Desperate, they are clutching at the last straw. They are scattering sawdust.

But the public has had experience. It demands that the Democratic party and its henchmen-in-office stand trial.

This issue is: Does America want a dynasty or a Democracy?

There is an issue the Democratic party cannot straddle.

A LETTER
FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stopped out of a curbstone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. EVA E. WORLD'S RECORD
FOR PARACHUTE JUMP.

Lieut. John H. Wilson of the 94th Aero Squadron, Kelly Field, Tex., leaped from a De Havilland B at an altitude of approximately 20,000 feet, and seventeen minutes thereafter landed in a diminutive turnip patch the holder of the world's record for parachute jumping. A nifty little Frenchman once took a 14,000-foot trip through the ozone in a straight southerly direction, and an American floated 8,000 feet with the aid of an enlarged umbrella. These two achievements were the high points in parachute jumping previous to 4 p. m. June 7, 1920, at Kelly Field.

Lieutenant Delmar Dunton, engineer officer of the first day bombardment group, was assigned as pilot of the plane, and June 7 selected as the day Lieutenant Wilson spent most of June 7 folding his parachutes, and at 4 o'clock the party took off. It may be explained here that it is customary to wear two parachutes in case of accident. It was particularly necessary in Lieutenant Wilson's case, because there was no guarantee that it would not take so long to come down that one would wear out.

At the end of an hour the altimeter showed a little over 20,000 feet. Later the official recording barographs

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

Results That Last Are What Appeal to Maysville People.

Kidney sufferers in Maysville want more than temporary relief. They want results that last—Results like Mr. Lynch tells about. His was a thorough test. Four years is a long time. Doan's Kidney Pills have stood the test and stood it well. Why experiment with an untried medicine?

People here in Maysville have shown the way.

Read the story of W. H. Lynch, shoemaker, E. Third St. He says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieved me."

TROUBLE NEVER RETURNED
Nearly five years later, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THIRD RACE IN THE CUP CONTEST TODAY

Resolute Is Favored In Contest In Hets By a Margin of Six to Five — Fog Is Heavy.

Navesink, Highlands, N. J., July 20.—The foghorn on Ambrose lightship was blaring hoarsely as the sun rose today, the third day of racing between the Shamrock IV and the Resolute for America's yachting cup.

A thick haze covered the sea, despite a twelve-mile breeze from the north-west.

The haze had lifted somewhat by the time the crews had been placed aboard the yachts, but visibility was poor. If the breeze holds at its present strength, today should witness the first real test of the white and green racers.

Captain William P. Burton, skipper of the Shamrock in the first two races, will be at the wheel again today. Sir Thomas Lipton, on Burton's plea for another chance under good weather conditions, reconsidered his action in depositing the skipper.

The Lipton sloop took upon herself an additional handicap by a change to a large topsail which increased the Resolute's time allowance to seven minutes, one second.

Today's race will be sailed over a triangular course of ten miles to each leg, the same as Saturday's race which was not completed.

The Shamrock, despite having one race to the good in the series, will go to the starting line with the odds against her. Betting favored the Resolute by odds of 6 to 5.

After today's race, the races will be staged on consecutive days unless one of the skippers demands a day of rest in which to make repairs.

GIRL FROM UNDERWORLD IS SCULPTOR'S INSPIRATION

Feature Picture at Pastime Theater On Wednesday Is Real Thriller.

If you believed that you had inspired your husband to do big things—to write a great book, or paint a great picture, or design a beautiful building, or build a big bridge—would you sit back and let another woman rob you of your happiness, or would you fight for it?

Denise Fleury, the heroine of "The Virtuous Model," the Albert Capellani-Pathe picture, of which Dolores Cassinelli is the star, coming to the Pastime theater Wednesday, July 21, believed that he soul, as well as her body, had been the inspiration for her sculptor husband's masterpiece, for which she had posed, and when another woman sought to claim her place, Denise fought.

Lito had been drab and dreary for this beautiful young girl. Surrounded by the squalor of the Montmartre district, in Paris, she had kept tight hold of her ideals and side-stepped temptation.

Then Paul Brehant, the noted sculptor, entered her life. An idealist, smarting from the disappointment of finding the woman he loved untrue to him, Denise's purity appealed to him and they were married. But the other woman would not so easily relinquish her place to a girl from the gutter.

Did the virtue of the girl of lowly birth hold out against the insidious lies and insults of the woman of high birth? The answer lies in the happy ending of "The Virtuous Model." It is an adaptation of the famous French play, "The Gutter," written by Pierre Wolff.

LEAGUE OF NATIONS IS NOW SEEN AS CAMPAIGN ISSUE

Backers of Senator Harding Could Not Cox-Wilson Stand Will Drive Wedge Through Democratic Solidarity.

Marion, O., July 20.—Assurance that the League of Nations will lead all other issues in the campaign is seen by the advisors of Senator Harding in over-Sunday developments around the campfires of the two big parties.

The "announcement in Washington that Governor Cox stands in perfect accord with President Wilson is taken here to mean a straight out plea by the Democratic party for vindication and perpetuation of its policy—a policy against which Senator Harding and all of his lieutenants here are ready to make the fight of their political lives.

Even before Sunday's White House conference was concluded, Senator Harding had conjectured this significance and outcome and had taken the aggressive in a public statement demanding that the mysterious "foreign commitments" embraced in the President's program be outlined in detail so the American people might know what they were asked to support. At the same time, he gave assurance that the Republican party never would accept that program.

The alacrity with which the league issue has come to the front has caused manifest surprise at Harding headquarters here. Many of the Senator's close associates had not expected Governor Cox to take sides with President Wilson. In that event they thought it probable that the League issue might be thrust more or less into the background for want of a direct point of conflict between the two parties.

So far, however, the ordinarily important issues have failed to supply a paramount point of conflict and the circumstances are expected to keep the League controversy in the spotlight.

The Harding managers are not unkindly that within their own party there is some division of opinion regarding the league.

They also are confident that such an issue will drive a wedge through Democratic solidarity and they do not propose to overlook any opportunities to thus carry the fight into the enemy's territory.

HOPE ABANDONED FOR RESCUE OF EIGHT IN MINE.

Pittsburgh, July 20.—The body of one of the nine men who were entombed, yesterday, by an explosion in a mine at Renton, 18 miles from here, was recovered by the Bureau of Mines rescue team early today. Hope for the other eight was virtually abandoned when the rescuers, after a trip through a section of the wrecked mine, said the force of the explosion was general. The recovered body was burned, and leaders of the rescue crew said they believed it would be impossible to establish the identity of the victim.
